

Wingman Terms of Service

Last Updated: 7 September 2026

1. Acceptance of these Terms

These Terms govern your access to and use of the Wingman applications and any related accounts, cloud services, features, content and updates provided by the developer ("we", "our", or "us"). By downloading, installing, creating an account, accessing or using Wingman, you agree to these Terms and the Privacy Policy. If you do not agree, you must not use Wingman.

Purchases made through Apple's App Store are also subject to Apple's applicable terms and conditions.

2. About Wingman

Wingman is an independent roster-management and productivity application for airline crew and supported family users. It may import and display roster information, calculate estimates, maintain history, synchronise authorised devices, enable sharing and matching, provide statistics and operate other connected services introduced over time.

Wingman is not operated by, affiliated with, endorsed by or sponsored by any airline, airport, aviation authority or employer unless expressly stated.

3. Informational Use Only

Wingman is an informational and productivity tool. It is not an operational flight-planning, dispatch, safety, fatigue-management, regulatory-compliance, payroll or official airline system. Information may contain errors, omissions, inaccuracies or delays.

Your employer's official roster, notices, systems, operational documents and payroll records remain authoritative. You are responsible for verifying operational, scheduling, duty, training, leave, fatigue, pay and employment information before relying on it.

4. Accounts and Connected Services

A Wingman Account may be required for synchronisation, social, matching, cloud or other connected features. You must provide accurate account information, protect your credentials and promptly act if you suspect unauthorised access.

Wingman currently uses Firebase and may use other third-party infrastructure for authentication, storage, synchronisation, server-side processing, matching, notifications, security and related functions. Connected services may change as Wingman evolves and may be unavailable, delayed or interrupted.

Device roles and authority rules may determine which device can publish or replace particular information. You are responsible for reviewing selected-device and sync status before assuming devices contain identical information.

5. Privacy, Sharing and Matching

Your use of connected features is subject to the Privacy Policy. Depending on your settings, profile, roster, flight or layover information may be processed to synchronise devices, share information with friends, or identify eligible crew matches. Some participating crew matches may operate independently of friendship.

You must respect the privacy of other people and must not use shared or matched information for harassment, surveillance, discrimination, unauthorised employment action or any unlawful purpose. Privacy controls affect future processing and visibility but may not immediately remove information already received or retained where required for security, integrity or legal purposes.

6. User Content and Permissions

You retain ownership of roster files, profile information and other content you provide. You grant us a limited, worldwide, non-exclusive licence to host, copy, transmit, process, adapt and create technical or statistical derivatives of that content only as reasonably necessary to operate, secure, support, analyse and improve Wingman, provide features you select and exercise the uses described in the Privacy Policy.

You represent that you have the right to provide the content and permit this processing. You must not upload unlawfully obtained material, malicious content or information that you are not authorised to handle.

7. Statistics and Service Development

Wingman may create aggregated, statistical or de-identified information to improve services, evaluate features, conduct research and understand global or regional roster, flight, duty, layover, pay or usage patterns. These activities are governed by the Privacy Policy and are not limited to functions available in the current App version.

We will not intentionally publish raw personal rosters or individual statistics that reasonably identify a user. Aggregated or de-identified information that no longer reasonably identifies an individual may be retained and used for legitimate purposes described in the Privacy Policy.

8. Accuracy and Availability

We aim to improve Wingman but do not guarantee that roster imports, calculations, matches, cloud synchronisation, notifications or third-party data will always be accurate, complete, current, compatible or available. Network conditions, conflicting edits, provider outages, outdated App versions and changes to airline systems can cause errors or delays.

9. Premium Subscriptions

Certain features may require Wingman Premium. Subscriptions are managed through Apple's App Store and are subject to the Wingman Premium Subscription Terms. Pricing, billing, renewal and cancellation are controlled by Apple. Premium features may change over time.

10. Acceptable Use

You must not:

- interfere with, overload or disrupt Wingman or its connected services;
- attempt to bypass subscriptions, security controls, permissions or device-authority rules;
- access or attempt to access another person's account or data without authorisation;
- scrape, bulk extract, republish or commercially exploit personal roster, profile or matching data;
- reverse engineer, modify or redistribute Wingman except where permitted by law; or
- use Wingman for unlawful, harmful, abusive or fraudulent purposes.

11. Updates and Changes

We may add, change, suspend or remove features, providers and compatibility from time to time. Some updates may be required for continued security or functionality. We do not guarantee compatibility with outdated operating systems, App versions or unsupported devices.

12. Suspension and Termination

We may limit, suspend or terminate access where reasonably necessary to protect users or services, comply with law, investigate misuse, respond to a breach of these Terms or discontinue a service. You may stop using Wingman or request account deletion at any time. Terms that by their nature should survive termination continue to apply.

13. Limitation of Liability

To the maximum extent permitted by law, Wingman is provided "as is" and "as available" without warranties of any kind. Nothing in these Terms excludes, restricts or modifies rights or remedies that cannot lawfully be excluded, including under the Australian Consumer Law.

Subject to those non-excludable rights, we are not liable for loss or damage arising from reliance on App information, incorrect imports or calculations, missed duties or changes, payroll discrepancies, operational decisions, unauthorised account access, data loss, sync conflicts, outages, defects or third-party services. Where liability cannot be excluded, it is limited to the greatest extent permitted by law.

14. Indemnity

To the extent permitted by law, you agree to indemnify the developer against claims, losses and reasonable expenses arising from your unlawful misuse of Wingman, your unauthorised handling of another person's information or your material breach of these Terms.

15. Changes to these Terms

We may update these Terms as Wingman and its connected services evolve. Material changes may be communicated through the App or another appropriate method and may require renewed acceptance. Continued use after the effective date constitutes acceptance where permitted by law.

16. Governing Law

These Terms are governed by the laws of Australia. Disputes are subject to the jurisdiction of Australian courts unless applicable law requires otherwise.

17. Contact

Questions about these Terms may be sent to yan.shurunov@gmail.com.
